Prateek Shetty – Resume

Computer Science & Engineering (Data Science) student · AI/ML, Computer Vision, Edge AI

Email: shettyprateek045@gmail.com · Phone: 9353480852 · LinkedIn · GitHub · LeetCode · HackerRank

Summary

CSE (Data Science) student at RNS Institute of Technology with hands-on experience in machine learning, computer vision and edge deployment on the NVIDIA Jetson Orin Nano. Builds end-to-end systems, from model training to FastAPI backends and web frontends.

Education

RNS Institute of Technology (RNSIT), Bengaluru — B.E. in Computer Science and Engineering (Data Science) · CGPA: 9.83

Vikasa Composite PU College, Alkola, Shivamogga — Pre-University (PUC, Science), 2025 · 570/600 (95%), Distinction

Sri Ramakrishna English Medium Residential School, Gopala nagara, Shivamogga — SSLC (Karnataka Board), 2023 · 597/625 (95.52%)

Experience

Computer Vision Specialist Intern, YuvaIntern (certificate issued Sep 2026)

- Trained a PyTorch CNN and benchmarked pruning and quantization for a smart campus surveillance system.
- Integrated the model with a FastAPI service and deployed it on the NVIDIA Jetson Orin Nano.
- Delivered a GitHub-ready packaged project.

Virtual Data Science Explorer Intern, YuvaIntern (certificate issued Aug 2026)

- Built a Network Intrusion Detection System on the NSL-KDD dataset: planning, EDA and ML model development.
- Added explainability with SHAP and experiment tracking and MLOps with MLflow.
- Wrote the project plan, EDA report and final report.

Projects

Real-Time Object Detection on Jetson Orin Nano — YOLOv8, MobileNet-SSD, TensorRT, OpenCV

- Built an edge object detection pipeline optimized with Tensorflow for on-device inference.

DataCentre AI – EPC Intelligence Platform — Next.js, AI agents

- Built a Next.js app with five AI agents for data centre construction management.

Maintenance Issue Reporting System

- Role-based system for faculty, students and administrators with photo upload, automatic timestamps and a resolution verification workflow.

KSP Prototype — Live prototype

IDP Prototype — Live prototype

Hackathons

- **KSP Datathon 2026 (Hack2skill / Zoho Catalyst):** KSP Sahayak, a bilingual English/Kannada chatbot for the Karnataka State Police crime database, with RBAC, audit logging, voice input, PDF export and a GPS crime density map.
- **Zynetrox Hackathon 2026:** Participated with team "Go Far Go Slow"
- **Chaos & Clarity Hackathon 2026 (SNS Institutions, GDTA India Chapter):** Completed Phase 1 – Idea Submission under the Education Transformation, Healthcare and Smart City & Infrastructure themes
- **ISRO – Bharatiya Antariksh Hackathon:** Participated in the Bharatiya Antariksh Hackathon, an ISRO-associated initiative, exploring space technology and innovative problem-solving.

Skills

- **Languages:** Python, Java, JavaScript, HTML/CSS
- **Python libraries:** numpy,pandas,matplotlib,seaborn,basic ML
- **Backend / Web:** FastAPI, Next.js, React, Docker, Git, GitHub CI
- **Problem solving:** DSA practice on LeetCode and HackerRank

Certifications & Achievements

- Deloitte Data Analytics Job Simulation, via Forage (June 2026)
- QuizOff 2026, India's Biggest AI Quiz, organised by CampusCrew on Unstop (19 Jul 2026)
